

## SAYS

"I need primary sources about Rams's design philosophy for my thesis"

"I want to understand how his principles apply to digital product design"

"Most design history sites feel outdated — I wish they reflected the designer's own aesthetic"

"I love when a portfolio site lets the work speak for itself"

ter Ram

## THINKS

Wonders how Rams would approach UX/UI design today

Compares Braun products to Apple's design language mentally

Thinks about sustainability in design and Rams's ahead-of-his-time views

Questions whether minimalism in web design can truly capture Rams's ethos

## DOES

Bookmarks reference sites and pins images for mood boards

Screenshots design details and product comparisons

Reads multiple sections in sequence, studying the timeline

Shares interesting design quotes on social media

## FEELS

Inspired by the "less but better" philosophy

Frustrated when sites have cluttered layouts that contradict the subject matter

Curious about the connection between industrial and digital design

Nostalgic for an era of more thoughtful, slower product design
